Around
the Square

A seasonal sight is Sierra Madre's pyracantha display. Up and down the streets the brilliant-berried shrubs are afire.

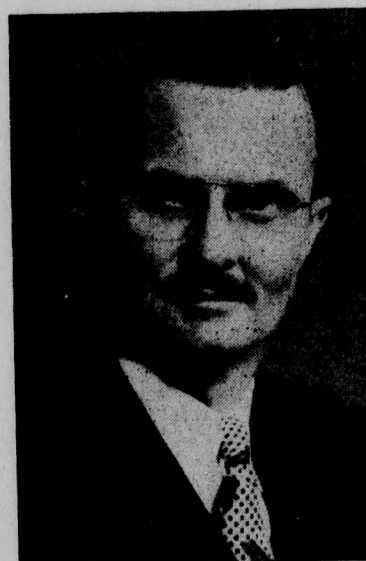

TIME may take its toll, but LIFE has its rewards (we'd work FORTUNE in there if Mr. Lucre paid better.)

Anyway, do you recall our Pioneer Days edition wherein we printed the remote likenesses of our leading citizens who had failed to have new pictures taken within the last, oh—say, 15 years?

Well, a word to one wise man was sufficient. Look:

BEFORE

AFTER

Now isn't that better? Don't you feel more secure in leaving your financial all with the distinguished gentleman directly above? Surely there was some reluctance in turning it over to the high-collared striping above that!

And remember, Mrs. J. Staden Miller, we still have you in a horsehair hat and ropes of pearls to your knees. And Bill Lees, we have your flowing tie for posterity. And your hair.

Come on, now.

Congratulations and a bravo to the whole organization of Community Concerts for bringing us a Bolet first night to which Sierra Madrans responded with warm enthusiasm.

Any doubt as to the concert series success was dispelled as the audience began to fill the auditorium 45 minutes before curtain time.

Any doubt as to its triumph fled as pianist Bolet was applauded to a standstill and forced to give encore after encore.

Choice of the young Cuban for the opening performance was excellent. His Debussy was exquisite—the Mendelssohn always brilliant—the Chopin full and rewarding.

To all of you who worked to bring a musical hope to reality—our thanks.

Says we to Merrill Miller: Look, our pineapple guavas are dropping. We know about the June drop due to natural forces

Red Cross Asks Council to Reinstate Social Worker

A promise to reconsider its action in removing from the city salary ordinance \$85 a month for a social welfare worker was given this week by the City Council to a Red Cross delegation.

The local chapter of the American Red Cross, in a letter signed by R. C. Lewis, vigorously protested the Council's action of last August which removed Florence Peterson from the city pay roll.

Although Mrs. Peterson received part of her salary from the city, she used Red Cross money for emergency welfare cases in Sierra Madre. Lewis pointed out to the Council that for every \$1 spent for her salary, the Red Cross spends from \$3 to \$10 for welfare work here.

Lewis said that the Red Cross "will have to do the work, but we think the city should bear a part of the cost."

The aid given to needy families is temporary, he said, and is given only from the time of an emergency until the county can take over.

Councilman W. A. Kinney, said, "We want to be assured that it's the city's obligation to take care of them."

On motion of Henry Nuetzel, the Council, which admitted that "we're all confused on this," decided to meet with a Red Cross committee to work out the problem.

The letter to Council declared that:

1. In paying the salary, the

city was not donating to the Red Cross.

2. Instead of the city contributing to the organization, the Red Cross has been contributing to the city.

3. Welfare cases here continue to exist.

4. Welfare work is one that the city must perform.

5. The Red Cross was not given a chance to explain the situation before the salary item was removed.

Among the delegation seeking Mrs. Peterson's reinstatement were Mrs. Elizabeth Young and W. C. Jones, former city mayor.

Jones pointed out that "none of the salary that is paid to the secretary goes to those getting aid. All of those costs are paid by the Red Cross."

No date was set for a meeting with the Red Cross committee, but Mayor Milton Steinberger indicated that it would be soon.

Before the Red Cross matter came before the Council, Mrs. Young got in another word for street lights on Orange Grove avenue. She also recommended that heavy trucks, which have been using the street as a short cut from someplace to somewhere, should be banned.

As for the lights: "Petting parties and drunk parties are going on there all the time.

WINDOW
DECORATING
CONTEST ON

The window decorating contest inaugurated by the Chamber of Commerce with Robert Green of the Edison Co. in charge has met with enthusiasm by local merchants according to Mr. Green. As announced last week prizes will be awarded by the Sierra Madre NEWS, for the best decorations, and presented Monday, Dec. 13 by Chamber of Commerce head Noren Eaton in the first of the Christmas programs in front of the "Old Station."

Oppose New
Residential
Zone Change

The Planning Commission this week put itself on record as opposing any further establishment of multiple residential zones until new water resources are found for the city.

The need for warding off "down grading" of present residential areas was pointed out as the Commission turned down a petition for rezoning of the south side of West Montecito avenue between Hermosa and Auburn avenues.

Residents had sought a rezoning from R-1 and R-2 to R-3 (multiple zone).

Water Superintendent H. W. Brod pointed out that the Conkling Water Report specifically said that unless the city finds new water sources, it should restrict any further development of R-2 and R-3 zones.

"We are now about a half year's supply of water overdrawn from the water basin," he said. He pointed out that obtaining Colorado River water from the Metropolitan Water District was a "very costly affair."

Bayard Bigelow said that the city already has 3.25 per cent of its area zoned for multiple dwellings. This is a higher percentage, he said, than has Pasadena.

The Commission indicated, however, that it would probably approve a change from R-1 to R-2 for this area if a new petition were resubmitted.

Because of the Commission's action on this petition, Ray F. Stadler said that he would not present a petition for a similar zone change to R-3 on his property at Adams and Laurel avenues where he had intended to build bungalow courts.

MANY ATTEND
PIANO RECITAL
SUNDAY AFTERNOON

Over 50 music-loving Sierra Madrans turned out to hear a brilliant young Palestinian pianist, Zahava Edelsack, in her recital at the George Morgridge home, Sunday afternoon.

The 23-year-old pianist, born in Palestine, won the London Trinity College of Music prize and has concertized in Europe, Egypt and South Africa. She came to this country in 1947 on a scholarship to Juillard School of Music in New York, where she was a pupil of Madame Rosina Lhevinne.

Mrs. Edelsack was assisted by 17-year-old Peter Hewitt in the first movement of the Ravel Piano Concerto. The program also featured works of Bach, Brahms, Chopin, Albeniz and Debussy.

KNOW YOUR NEIGHBOR

MISS LULU MOORE

"Librarians don't change around much—they are sort of steady people," said Miss Lulu Moore, Sierra Madre's head librarian.

As proof, Miss Moore has been our library's mainstay for 25 years.

The old library boasted 9300 books when she came, now it houses more than 16,000. About 700 new volumes are added each year, with a few discarded as necessary.

Of the additions made to the library each year, the books making up the basic collection are bought first. Then Miss Moore chooses the rest according to the wishes of the library patrons.

Hit County Plan for
Scenic Highway to
Run Through TownPLAN COMMISSION CLAIMS
IT WOULD BANKRUPT CITY

County plans for a scenic highway through the north side of Sierra Madre which will require the condemnation of dozens of homes had the Planning Commission fighting mad this week, but the members decided to count ten before taking a swing at anybody.

City Engineer Howard Brod said that the County Regional Planning Commission still has plans on its books for the secondary highway which would cut diagonally through the north side and then across Grandview avenue and continue on north of Monrovia. It would be 80 feet wide.

Past Masters
Dinner at
Temple

Sierra Madre Masonic Lodge No. 408 will honor its Past Masters Tuesday evening, November 30, with a dinner at 6:30, after which they will confer a Third Degree.

The Lodge was chartered 38 years ago and special guests will be William Deutsch, a charter member, and J. A. Patterson, Master during 1913. Other Past Masters who will attend are J. D. Mackerras, C. J. Pegler, city treasurer, Mayor J. M. Steinberger, and C. W. Jones, the first mayor of Sierra Madre.

Among the Past Masters taking part in the degree work will be George Morgridge, Rudolph R. Hartman, John Buchan, C. L. Twycross, Thomas M. Schwartz, Thomas Miller Jr., Boyd E. Keith, Henry Nord, Henry Rintelman, C. J. Pegler and Thomas R. Meader.

FIREMENS
XMAS PARTY
ANNOUNCED

It wouldn't be Christmas in Sierra Madre without the Firemen's party. December 11 has been set for the 28th annual party to be held at the Woman's Club House.

There is a book of tickets in the pocket of every fire-fighter and they will be making a house-to-house call.

The big brothers take this way to refill the fund which provides baskets of food, a gift for every child at the big Christmas Tree and the prizes for the Egg Rolling Frolic at Easter time.

Take your pocketbook to the door when they come and open it wide.

CIDER DO-NUTS
AND DANCERS

Many young people are expected to attend the Thanksgiving party Teen Age Dance at the Park House, Friday night. Chaperones on hand will be Louis Sauter and Sam McElfresh of the Recreation Commission. To give the dance a "barny" atmosphere there'll be hay on the floor, and cider and doughnuts for refreshment.

The NEWS has endeavored to record the Thanksgiving activities of Sierra Madre families this week. If your name does not appear in the paper, we're sorry, but you were not at home when we phoned.

Bayard Bigelow referred to it as something wandering around in a hayfield and not getting anywhere.

"We're not interested in it," he said.

Brod, however, reminded him that the City Council of 1929 had signed up the city with the county's regional plan and that the highway was a part of that plan.

He said that the County Planners were open to suggestion for an alternate route—such as routing the 80-foot highway through Carter avenue and down Baldwin to Foothill.

Bigelow complained that the city would have to spend a lot of money condemning property for a highway that nobody wants and that doesn't go anywhere.

"It'll bankrupt Sierra Madre," he said. "The citizens ought to have something to say about this. I wouldn't be a party to it unless there was a vote on it."

Brod suggested that the proposed highway be routed down Michilinda to Foothill boulevard.

Commission President May de Wright offered to call a public hearing on the matter, but City Attorney Thomas A. Reynolds turned thumbs down on the suggestion. He pointed out that it was entirely a matter for the Planning Commission to decide.

In the meantime, however, Charles Hopper, who is subdividing his property in the northwest section of the city, will have to bear in mind the proposed highway which will enter the city 715 feet north of Fairview avenue under the existing plan.

Contractor Harold Spears asked how the Commission could hold a person from building on his property when a proposed street was many years in the future. And Attorney Noren Eaton said that it was illegal to hold up building permits without condemnation.

Reynolds, however, declared that the county regional plan was constructive notice to property owners.

During the meeting Eaton also resubmitted an application of his client, Robert Gilbert, to subdivide his East Alegria avenue property.

The matter was referred to Reynolds over the protests of Eaton.

"People appearing before you are complaining of delays," he said. "They have come in here with hat in hand begging to find out what they can do with their own property."

Spears also complained about delay in approval for his subdivision on East Grandview. He had filed engineering data for submission to the City Council.

It appeared, however, on the Planning Commission agenda. The Commission again referred the whole works to the city attorney and the city engineer.

Parents Invited to Share Holiday Meal At School Cafeteria

The school cafeteria Wednesday made quite a departure from the regular routine. Many parents accepted invitations to have dinner with their children. A special Thanksgiving dinner including creamed turkey, cranberry sauce and pumpkin pie was served to more than 225 pupils and parents by the staff of the cafeteria.

Rev. Clarence Shackelford of the Trinity Presbyterian Church of Sierra Madre invoked the Thanksgiving Blessing.

Before attending a family dinner in Los Angeles, Mr. and Mrs. Henry B. Nuetzel and family, 718 West Alegria, went to a football game at Pasadena City College. Later they joined Mrs. Nuetzel's parents, Mr. and Mrs. Milton Hollingsworth.

The family of Mrs. S. Kaufman, 337 North Lima, were at home over the holiday.

FIRE FLAMES

The warmth of last Sunday's sun, a walk to the foothills—and then—the sudden thought of fire. If you have seen the dry, dead weeds among the natural brush of the hills, you will realize the importance of doing everything possible to prevent a fire from starting. Nowhere in this country is there a better group of co-operating citizens. Many have offered suggestions and want to help. It is necessary that we do.

If we can but escape fire this year, we certainly will have reason to give thanks. Folks are urged to report any carelessness known to them. Keep in mind the danger of fire. Be ready to fight a small fire and be ready to notify the fire department. Let's hope that before this goes to press, we will have had rain. RAIN! RAIN!

The fire fighters met last Friday. Carried on the usual drill, which was competitive. Once more the Uddell Crew came forth with a winner which makes the next winner, the REAL winner, who in turn will be fed by the losers. We will soon hear of arrangements made for a great dinner to be held somewhere, where lots of food is served. Much hurry and bustle failed to gain the desired time for the Norris outfit. When Harold Spears and Bobby Clark fell over each other to get the extra length of hose, it took several seconds to get them untangled. A stop watch in the hands of the Chief, proved to the second who won the race.

An exciting drill is expected on Friday evening, November 26th. There will be more than one timekeeper, we hope.

During the process of meeting following the drill, it was again decided that the annual Christmas Dance and Party be held. No date has been set, but a party is certain. This annual affair is now considered a tradition by the residents of the City. Firemen in uniform appear at the doors to sell tickets. Look for them in late November or early December.

Contrary to what some new dwellers may think, this occasion is to raise funds for a charitable fund, used only when necessary for needs of a charitable nature and not for any benefit solely for members of the Fire Department. There is no financial benefit to Fire Fighters derived from the Christmas Party. The main purpose is to retain a Charity Fund and to create an object of interest.

Is it embarrassing to the men to pound on doors, and yet it is a great pleasure. From this Fund also comes the support of the Christmas Tree and Treat at the Park on Christmas Eve and the annual Easter Egg Party at the Park during the Easter season. Without the annual Fire Fighters Party, there would be something missing in Sierra Madre. All who know of it, look forward to it. We warn you of our coming to your house soon and it won't be long, now.

As the important thing about this column is to prevent fire, there is a great desire to have many people read it. Many of the folks tell us that they read the column, but there are many more that we would like to have as readers. Certainly, we are trying. Without the support of the citizens, the men of the fire department cannot succeed in keeping out the fires. We must be alert to the thoughtfulness of those who are unaware of the dangerous conditions about us. New comers must be acquainted with these facts.

Let us go to them and inform them. There is no reason for back fence feuds. It is a matter of great importance in order that we hold onto our well earned and proud record of few fires and low fire losses. If we allow the slightest decline in our efforts, we can expect the worst. Fire is not a thing to fool with. We cannot forget about it, even though our equipment may seldom be seen or heard. Let's save the machinery and do everything in our power to keep the FIRES OUT.

BACK HOME AGAIN

Harry E. Norwood returned to his home at 301 North Baldwin Ave., last Friday from the Covena Hospital, where he had been a surgical patient the last two weeks.

THE COMMON COLD

Never, under any circumstances, neglect a cold, no matter how trivial it might seem to you. If you do catch cold, stay at home, if at all possible, to avoid giving it to others and get as much rest as you can. Eat easily digested foods and drink plenty of liquids, including fruit juices. Rest and diet are important factors in treating a cold. If you have a fever, call your doctor and remain in bed until he says it is safe for you to get up.

Everyone knows that colds are catching. When a cold victim coughs or sneezes, he sprays the air around him with tiny droplets of moisture that contain cold germs. Anyone near him can easily inhale those germs. Every cough and sneeze should be covered, preferably with paper tissue that can be burned.

One of the greatest evils of the common cold is the fact that its early symptoms can be mistaken for those of some communicable diseases. Often, the more serious disease is mistaken for a "cold coming on," and is disregarded until it has made dangerous progress with its victim and spread its germs to others.

College Friends at Hubner Home for Surprise Birthday

Mr. and Mrs. Harvey W. Hubner of 800 North Auburn were at home Wednesday evening when they entertained for their daughter's 18th birthday. The guests were club sisters of Betty May Hubner from Pasadena City College and their escorts. The young people attended the dance at the Civic Auditorium earlier in the evening and returned to the Hubner home to dance and help Betty May enjoy the big birthday cake.

Thanksgiving day Mr. Hubner's mother, Mrs. Daisy Mae Hubner of Los Angeles joined the family for dinner as did also William Hoefler of Pasadena.

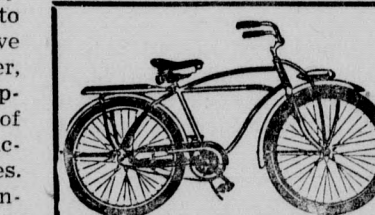

Betrothal Announced By Parents

The engagement of Miss Martha Newton, daughter of Mr. and Mrs. E. A. Newton, 217 S. Baldwin Ave., to John Bustard of Honolulu, was announced to the family by her parents at the Thanksgiving dinner Thursday. Those present to hear of the betrothal were Mr. and Mrs. G. A. Fitzpatrick, Mr. and Mrs. Chas. Wallace, Mr. and Mrs. Pete Franucci, Mr. and Mrs. Millicent Jeremy, Miss Betty Newton, Jack and Pat Jeremy and Gordon Whitney.

November 18 an announcement party was held at the home of Mr. and Mrs. Farrant Turner in Honolulu. The wedding will take place December fourth.

The Childrens Hospital in Los Angeles performs an average of 11 major surgeries on small children each day in the year.

If one child received the amount of care given children in one year at the Childrens Hospital in Los Angeles, he would be taken care of continuously for 156 years.

MANY CIVIC LEADERS HEAR DR. McKELVEY DISCUSS U. N. POTENTIAL AT DEMOCRATIC CLUB DINNER IN PASADENA

Elimination of the veto power in the United Nations, which Russia has exercised so frequently, would serve no good purpose in furthering the universal desire of the World to live together in agreement, Raymond G. McKelvey, professor of political science, Occidental College, and former resident of Sierra Madre told a dinner meeting of the 48th Assembly District Democratic Club last Wednesday night.

A delegation of Sierra Madre Democratic leaders headed by Mrs. Helen Narozny, secretary of the club, turned out to hear the speaker who is President of the Pasadena United Nations Association in which many residents of Sierra Madre are active.

Hailing the U. N. as a much stronger international organization than its predecessor the League of Nations, Mr. McKelvey stated that the U. N. Charter in its present form and without amendment could be developed into as tight an instrument for co-operation as nations are prepared to demand. Mr. McKelvey stressed that it was never the intention of the framers of the Charter that efforts to build a better world order should be confined to activities of the U. N.

"Our job," said Mr. McKelvey, "is to use all the agencies of the U. N., and those provided outside the U. N. to strengthen the forces of peace by reducing the causes of war. Whatever we do to strengthen the weak, to raise living standards throughout the world, to reduce despair, fear and hysteria at home and abroad, whatever we do to translate democracy from a verbal symbol to a living reality, is a measure in behalf of peace. The U. N. Charter is a mechanism capable of endless development for this doing."

Sewing Group Meets Bi-Weekly at Jewish Center

Good deeds seem to attract people. Thus it is with a small group of ladies who have met during the last year to sew for the children of Palestine. The ladies have met in the members' homes but the group has now become an organization and had its first meeting last Thursday in the Foothill Jewish Community Center. Mrs. Naoma Green and Molly Cohen were hostesses.

The next meeting will be at one P. M. December second, with Mrs. Shafer and Mrs. Wm. Sorenson hostesses. Mrs. Green says the group can use even small pieces of woolen and material and they will appreciate contributions as the group provides its own materials to sew with.

Mrs. Freeman head of the Palestine Supplies, Pasadena is the instructor.

Dear Miss Moore:

Congratulations on twenty-five years of loyal, effective service as Librarian of our public library. The Library Board wishes to be the first of your fellow townsmen to express appreciation of your continued

hearty co-operation in the furthering of educational and recreational opportunities for us all.

In depression and war-times as well as in swiftly expanding community life you have always shown genuine interest in your "Public" as friends to be helped in every possible way. Cheerful adaptation to crowded conditions and the rare spirit of meeting each changing situation as an interesting adventure, have made us aware of our good fortune in librarians.

At this Thanksgiving season may the citizens of Sierra Madre extend to you their thanks for your enduring efforts in their behalf.

Cordially yours,
Edith Blumer Bowen,
Raymond C. Simpson,

Oldest Charter Member of Womans Club Dies at 97

Dr. Pierce was principal of the old school at Fair Oaks Avenue and Colorado Street; Mrs. Pierce was assistant principal and teacher.

Later Dr. Pierce became superintendent of schools and Mrs. Pierce broadened her activities in Sierra Madre. She was on the Library Board and served as president of the Sierra Madre Woman's Club.

Report Cards Go Modern

The proposed change in report cards for Sierra Madre Elementary school pupils was up for discussion again at a meeting at the school Friday attended by room mothers, faculty representatives and a member of the school board.

More than 20 room mothers met with Superintendent of Schools Charles Skutt, faculty representatives Mrs. Mary Foote and Miss Claire Newman, and school board member Mrs. Francis Dane.

The old form of reporting, using the A B C method, will be used for the cards covering the first quarter or 9 weeks, which are to be sent home with students soon.

The new plan outlined Friday for the parents would abandon straight A B C gradings and would rate students with "satisfactory," or "unsatisfactory" reports. Conferences between parents and teachers would then follow to give parents a clear picture of each student's progress.

Reports on cards would be under 2 heads, scholarship and citizenship. Under Scholarship with gradings of "satisfactory" or "unsatisfactory" would come such subdivisions as reading comprehension and interest, oral and written language, penmanship, spelling, arithmetic, social studies, science, music, crafts and physical education.

The division of citizenship would grade students on work habits, social attitudes, self control and health habits.

Space would be provided on each report for comments by parents and teachers.

"At its best, the old and rigid A B C method is not good," declared Skutt. "Before the second quarterly reports are due,

we will hold more meetings with our students' parents to acquaint them with the proposed new system and to see what they prefer."

The general opinion of parents attending Friday's meeting was that the proposed system was far superior to the one in current use.

Discussion Of Pharmacy At Kiwanis

Program Chairman Richard Lees at the Kiwanis meeting Tuesday introduced Rudolph R. Hartman who gave a very interesting talk on the care required in the preparation and dispensing of prescriptions. He first asked the members of the club to guess as to how many items are carried in stock in his prescription room. The number was 2354 and James Spencer received a clinical thermometer for his guess of 2387, while Eugene Lunsford was awarded a jar of hair restorer for his guess of 16342.

The House of Hartman is one of the oldest in the city, the elder Hartman purchasing the business in 1907. In 1916 Mr. Hartman entered his father's store as a registered pharmacist and bought the business from his father in 1941. He closed his talk by showing the great advance made in the treatment of disease.

Thomas Schwartz, who is Chairman of the Disaster committee of the local Chapter of Red Cross, stated that our city officials are considering joining the California Disaster Council. The Lions Club, Mr. Schwartz stated, will organize a committee on Rescue Work, in case of disaster, with Waverly Pratt as chairman and he requested the Kiwanis to provide a committee for emergency transportation of personnel, material and injured persons.

The club's officers will attend a Division Organization Conference dinner Sunday, Dec.

RED CROSS ASKS

From page one

For a civilized community, we should have lights. Only Mr. Spencer (Frank Spencer, Planning Commission member) is fortunate enough to have a light in front of his place on the street," she said.

The Council had previously heard a report recommending two lights for Skyland drive in the terrace and a new location for a light near the home of A. L. Harris on Fairview avenue.

City Engineer H. W. Brod, was ordered to make a survey of Orange Grove, and City Attorney Tom Reynolds was ordered to prepare an ordinance which would eliminate heavy traffic on the street by declaring it for light duty only.

Mrs. May de Wright, president of the Planning Commission, suggested that the Council study the problem of no sidewalks along such streets as Orange Grove.

She said that the dirt walks are overgrown and that even Century plants have been set out in the walks.

Reynolds, however, said that although property owners can be made to clear the easements, that doesn't give anybody sidewalks, and besides "the weeds just take over."

"I'd rather see people on streets than traversing the rough parkways—having in mind the city's liability," he said. "The city is more liable if a person stumbles on the parking than if he gets hit by a car."

To get the Council off such a gloomy subject, Harris suggested that the Council sponsor outside decorations with merchants giving prizes for best displays.

"It's not out of order for a little Christmas spirit in Sierra Madre," he said. "I'll give a prize myself and keep my own tree out of the running."

Mayor Steinberger said the Chamber of Commerce was working on something like that. But Steinberger had in mind decoration of store windows which the Chamber is sponsoring. Harris had in mind front yard decorations similar to that which is done in Pasadena and Altadena each year.

The suggestion was received with the Mayor's quotable quote: "The town'll be all lit up by Christmas time."

Councilman Henry Korsmeier demanded to know when something is going to be done about P. E. buses making left turns from Sierra Madre boulevard into the station.

"The police are beginning to complain," he said.

City Clerk Lawrence Brain was instructed to write to P. E. and ask that someone meet with the Council next Saturday afternoon to go over the problem.

The Council also: 1: Referred to Reynolds a recommendation from Chief of Police G. G. McMillan that stop signs be installed for north-south traffic on Park avenue at Mariposa avenue.

If traffic increases, this regulation would be extended to make the intersection four-way stop. He turned down the other request of H. H. Steinberger that stop signs be placed at Sunnyside and Mariposa avenues.

2. Decided to study proposed plans for a City Disaster Council to tie in with the State disaster organization. Sierra Madre is one of three cities in the county which has not established such a council.

3. Referred to the police committee a request of the School Board and the Parent-Teacher Association for more adequate safety measures for school children.

The school board asked that a four way stop be established at Auburn and Highland avenues and a one-way stop on Hermosa ave and Highland and that two pedestrian lanes be marked on Grandview avenue west of Auburn and on Auburn south of Grandview.

Nuetzel said McMillan was

making a survey and would have an answer back by the next Council meeting.

4. Appointed Robert Thomas as an active member of the volunteer fire department and Louis George as an auxiliary.

5. Transferred from the police department J. A. Rhodes, who has been a patrolman, to the street department at Rhodes' request.

6. Received a letter from the Forest Service asking the city to maintain the short road from "Lizzie's Trail Inn to Mount Wilson trail." Korsmeier pointed out that the street is not dedicated to the city and so cannot be maintained.

6a. On recommendation of the Recreation Commission called on the State Recreation Commission to make a survey of recreation needs in Sierra Madre. This would be done without cost to the city.

7. Authorized the Civic Club to place a sign in the park pointing to the Toy Loan Cottage.

8. Adopted a uniform Plumbing Code for the city. This code will not materially change present requirements for plumbing installations, but it will increase fees for inspection from 15 cents per fixture to 50 cents and boost cesspool inspection fees from 50 cents to \$1.

9. Adjourned until 10 a. m. next Saturday morning to take up some unspecified but very mysterious business.

Thanksgiving Day at Home...

THANKSGIVING DAY—A day given to thanks for all the good we have—a day of quiet and rest and appreciation—a day of feasting with golden brown turkey stuffed with savory, pies of pumpkin and mince and traditional cranberry sauce.

Sierra Madreans spent the day in many ways, each to his own taste.

Friends and family held the spotlight for most. For many Sierra Madreans, the day provided a chance to visit with out-of-town friends seldom seen throughout the year.

Many gave their thanks by attending church services in the morning and spending a quiet day in rest at home.

Mr. and Mrs. Frank Kautzman were in Long Beach with Mrs. Kautzman's family for Thanksgiving.

Long Beach councilman R. C. Kealer and family spent the day at the family home, 366 North Grove. Youngest guest was the Kealer's brand new granddaughter. Proud parents are Dr. and Mrs. Loopesko who are now staying with the Kealers.

Mr. and Mrs. Roy Carlson, 197 Rancho Road, spent the day with Mr. Carlson's parents, Mr. and Mrs. Charles Carlson of Pasadena.

The Pasadena home of Misses Florence and Nellie Nelson, was the Thanksgiving Day destination of Mr. and Mrs. Warren Carlson, 391 West Sierra Madre Blvd.

Mrs. Fred E. Bezotte, 607 Woodland Drive, is spending three days, including Thanksgiving, with her sister and brother-in-law, Mr. and Mrs. Clarence Virgin of El Cajon.

Mr. and Mrs. Paul E. Campion, North Santa Anita, dined with Mrs. Campion's parents, Mr. and Mrs. Nelson Gustin of this city.

Mr. and Mrs. Kenneth Kearney, 196 N. Sunnyside, served dinner for their own family and Mrs. Kearney's parents, Mr. and Mrs. J. W. Moore of Wilmington.

Mr. and Mrs. Herbert L. Kelley, 379 Sycamore Place, were entertained by Mr. Kelley's parents, Dr. and Mrs. H. L. Kelley of Pasadena.

Mr. and Mrs. Albert J. Barkman, 40 South Michillinda, entertained Mr. and Mrs. David Hepp and son, William of San Gabriel.

Thanksgiving guests at the Albert J. Barlow home, 361 East Sierra Madre Blvd., were Mr. and Mrs. C. I. Clark and daughters, Patsy and Sally of Norwalk, and Mrs. Lily Fry of Long Beach.

Mr. and Mrs. Gordon Lacy, 530 W. Laurel spent the day with Mrs. Lacy's parents, Mr. and Mrs. W. B. Courtney, Pasadena.

The Stephen S. Jackson family spent the Thanksgiving holiday at home.

Mrs. George P. Rikeman and Mrs. Lillian Haverick spent the holiday with Mrs. Rikeman's sister, Mrs. Florence North of Los Angeles.

Mrs. Ruby Barham, 46 Esperanza, left Tuesday to spend four days with her son and family, Attorney Archie L. Towers of Long Beach.

Out of town friends and family visited in Sierra Madre on Thanksgiving day with the Richard T. James family, 41 S. Baldwin.

The Edwin Karp family of 588 Las Rocas entertained Mr. Leon Sikora of Pittsburgh and his family and Mrs. Karp's brothers, Elmer C. Low and Robert J. Low of Pasadena and their families.

BALLING BABY TALK

By MAXINE BALLING
YOU'LL DIE LAUGHING when you see "Slapsie." He's the funniest you've seen yet at the Balling Baby Shop. (And he's only a dollar!) You push "Slapsie the Penguin" along the floor at the end of a handle. He wobbles, rolls his eyes, flops his rubber wings, and his oversize rubber feet go around on wheels hitting the floor with a slap, slop, slap, slop, slap slop. When we get tired playing with "Slapsie" we push a goofy hound around. He has his nose to the ground, sniffs, growls and slaps his big feet along. (If you prefer something PRETTY instead of crazy, we have "Pushaway" musical toys for \$1.25.)

POINT IS that the Balling Baby Shop has more cute and funny and beautiful toys than you'd ever believe could be squeezed into a little store 22 feet wide. . . and this week we're having an official CHRISTMAS OPENING here in Monrovia, and all the stores supposed to run BIG ADS. I'm going to fill a whole column instead of the usual half, if it kills me.

"POTTY DOLL" alone is worth a whole paragraph. . . nearest thing to a live baby you ever saw. You feed her with a bottle and put her on a little plastic potty. She's soft washable rubber and you can bathe her. Her eyes open and close, and she has baby clothes that are easy for little hands to change.

WHY DON'T YOU come in and play dolls for an hour or so? We have great big dolls with organdie dresses. . . teenie weensie little story book dolls. . . Trudy dolls with three faces, laughing, crying, and sleeping. . . mama dolls. . . baby dolls. . . brother and sister dolls. . . dolls that cry and even sob and coo. . . Molly dolls. . . Perky washable dolls. . . Toddler dolls. . . BETSY WETSIE dolls. . . rubber dolls. . . and just about any price you want to name, from \$1 up to \$11.95.

BURGIES too. Wicker ones are 6.95, and leatherette ones are 9.95 and 11.95. And if your little girl likes to spoil her dolls by rocking them in her arms, we have Thayer musical rockers, big enough for a child two or three years old. A little music box on one rocker plays a tinkly tune.

WHAT TOY WOULD YOU GUESS we've had a lot of calls for and has been hard to get? Wind-up racing cars for 1.95? No, we have plenty of those. Plastic fire engines? No. Trains on tracks? No. Plastic dishes? No. Blocks? No. Give up? Well, it's those ordinary little old toy BROOMS! More people have wanted little brooms! Well, we finally got 'em. 89c.

MODERN MOTHERS like to give EDUCATIONAL toys to their children. . . such as "Playbook" toys. There's a block stack designed for children 6 to 18 months old. . . "Bang-a-Ball" to teach coordination to youngsters 1 to 3. . . and "Nok-Out-Bench" to teach little Sampson to hit straight. . . and numerous other clever ideas. Prices run from \$1 to 1.95.

WOULD YOU PLEASE step over here in the CLOTHING department? I know it's hard to get your minds off toys. . . but after all we have APPAREL to sell. And you just HAVE to give kids something to wear for Christmas. Look at all these ROBES, for instance. Did you ever see anything cuter than these red corduroy robes with wide flare skirts? And here are quilted robes. . . and chenille robes. . . lots of styles for girls sizes 1 to 12, \$3.95 to 8.95. And here are the famous Beach robes for boys 1 to 6. They're 2.50 and 2.95.

FLANNEL SHIRTS always make a big hit for gifts, too. Our shelves of 'em are about eight feet high and ten feet wide, which should convince you that there are all kinds of plaids and checks, and any color combination, and any size from 2 to 20.

"SHOW-OFFS" is a rather naughty name for fancy panties. . . but that's what it says here on the ticket. "Nu Lace Show-Offs." Most conspicuous thing about them is color. One is TULIP RED. Then there is a less showy sky blue, and an even more modest pansy yellow. Sensible thing about them is the "Nu Lace" material. It's knit, not woven. It wears and wears, and you can wash it any way you please. It's guaranteed by Good Housekeeping magazine. "Show-Offs" are 79c. Our "panties" includes all kinds of panties, from plain 39c rayons to 1.95 nylons.

IF YOU WANT SOME MORE suggestions on clothing for gifts, we have a lot more ideas. SWEATERS, any kind you want, pastels, darks, plaids, fancies, ski styles, cardigans, 2.25 to 5.95. BLOUSES. . . we have all sizes from 1 to 16, cottons and rayons, 1.95 to 5.95. SLIPS. . . sizes 2 to 14, cottons, rayons and nylons, \$1 to 3.95. Beautiful KNIT SUITS from Hollywood Knitting Mills. Boys plaids and plaids are 12.95, sizes 2 to 6, little sizes 3 to 6x are 13.95, and sizes 7 to 12 are 16.95.

I'M HOLDING THE BAG. . . if you'll pardon one little pun. When I bought plastic nurses this fall they were so cute that I bought a mess of them. We now have elastic bands all over the Balling Baby Shop. . . so I hope you folks buy a lot of 'em for Christmas. They ARE cute as can be. All colors, sizes and styles, \$1 to 1.95.

PAID SHIRTS are good for Christmas gifts. Boys need states of them. We're polo shirt specialists. Short sleeves, long sleeves, solid colors, stripes and STRIPES, sizes 1 to 12, 1.15 to 1.95.

I THINK MRS. DANIELSON IS A PEACH. She came all the way over here from the Santa Anita Oaks to tell me she had been reading this little column, enjoyed it, and wanted to see what we looked like. We must have been OK because she bought a lot of beautiful things! Thanks, Mrs. Danielson.

BALLING BABY SHOP, MONROVIA is that way. Customers come from all over, and come again and again.

P. S. WE FOUND THE TWIN BABY DUCKY!

BOLET DEBUT OPENS SIERRA MADRE COMMUNITY CONCERT SERIES; CAPACITY AUDIENCE FILLS AUDITORIUM

A capacity audience of over 500 persons, which included a host of Monrovia and ticket holders from Iowa and Illinois, gave thunderous applause to Cuban pianist Jorge Bolet last Wednesday night as he opened Sierra Madre's first Community Concert.

According to Don Jackson, who headed the membership organization bringing the series here, the school auditorium was "full up." The lower floor was completely occupied and holders of student tickets partially filled the balcony section.

Bolet was warmly received as he appeared on the stage and it was a courteous audience that sat silently as he began to play. He began with Beethoven and Schubert, swung into the Mendelssohn Rondo and completely captivated hearers with his interpretation of several Debussy fantasies

and impressions.

He concluded with Chopin, Mendelssohn's Scherzo and Saint-Saens. At the insistence of the audience Mr. Bolet returned for three encores and a brief pertinent speech thanking Sierra Madre for its welcome.

Success of the opening concert was not only rewarding to the audience but to those who worked to make the series possible. Linked with Mr. Jackson in the organization were Charles A. Skurt, Judge and Mrs. John C. Mead, A. E. Morgan and Mrs. John Foreman. Over 60 persons who attended the campaign dinner were instrumental in selling memberships in the series.

Two other concerts are scheduled for February and May.

wanted to take some action "to get Spears out of our hair," not one knew what could be done or why the engineering plans were before them.

The Commission also:
1. Authorized William Regan of Pasadena to build two houses on the northwest corner of Grandview and Lima with short backyard.

2. Denied a subdivision of property owned by Rhoda Girden at 38 Lowell avenue.

3. Allowed Mark Dailey to subdivide property on Alegria avenue near Mountain Trail avenue.

4. Allowed Harold D. Petz to divide property at Park and Ramona avenues.

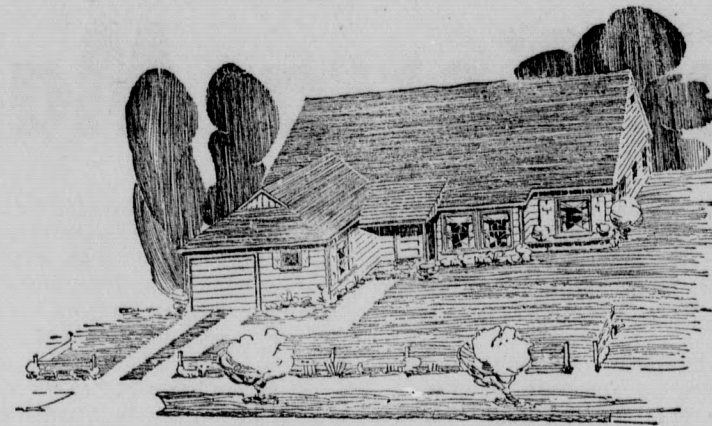

5. With certain restrictions, allowed Edward A. Davey to divide property at 84 Monterey Lane.

6. Disapproved subdivision plans submitted by George Elkins for division of four acres at Grandview and Santa Anita. The proposal was turned down because the operator had laid out a proposed street over the Metropolitan Water District's private easement.

ing, but she stands always open for suggestions on what should be added to the shelves.

Miss Moore likes good art and good theatre. She loves to travel. Vacations in years past have taken her to Alaska and Panama. She has seen all of the United States. All of the National Parks have had her as visitor.

"But I must have liked Sierra Madre best," she said, "or I wouldn't have stayed her 25 years. I've worn out three cars going on trips—but I've always come back here."

The town hasn't changed much in 25 years, according to Miss Moore. It has been built up, the population has grown from 2500 to 6600, but the people have stayed about the same. Many of Miss Moore's first patrons are now her good friends.

"It's like a child growing up, though," she said. "If you stand by its side and watch, the changes slip by unnoticed. If I were to leave Sierra Madre for 25 years instead of staying, I might see many startling differences."

Miss Moore's eyes light up when she thinks and speaks of the new library to come to Sierra Madre some day. She has visions of a room specially planned for children and story hours to lure them. She can see a "memorial room" for exhibits, for meetings, for recorded musical programs. She sees building a library into a place of interest for all and a place of value for all.

"I'm no social light," Miss Moore said. "But I know the groups in town and their aims, and my interest is with them." Her hobby is books, mostly. She is no doubt the best-read Sierra Madrean. Her spare time is spent in going over the library's present and future shelves.

Many improvements have come to the library since Miss Moore's regime. The original three rooms have been made into one large room with appropriate alcoves, new lighting has been installed and—a new clock. It has just arrived. A new electric clock will from now on replace the old hand-winder that has graced the wall ever since Miss Moore took over.

Miss Moore came to Sierra Madre from Oklahoma in 1923 as librarian. She attended the University of Oklahoma and a library school in that state.

"But I've spent most of my time in libraries since I was just a little girl," she said.

"I like a small library; I always have liked a small town. And I like Sierra Madre. Do you know what is the most beautiful view in all of Southern California?" she asked.

"Right from the library steps—the view of the mountains from the front of the library at sunset."

IN APPRECIATION
Editor's Note:—We suggest this is an appropriate time to call Miss Moore at the Library or drop in to thank her for the personal service she has bestowed on you during the years that you have enjoyed library privileges.

Pulling Christening Before Hawaii Trip

Ronald Wilson Pulling Jr. was christened by Dean Arnold Bode, in ceremonies at Ascension Church, Sunday morning. The seven-month-old infant, wore a robe which has been in the Pulling family for many generations. His parents are Mr. and Mrs. Ronald W. Pulling of Honolulu.

The R. W. Pulling family, including Ronald Jr. and a daughter, Mary Anna, have been guests for the past seven weeks

and most versatile performers in show business. Johnny will act as Master of Ceremonies and promises to keep the show moving at a fast and hilarious pace. He does numerous bits that are screamingly funny and his specialty displays some excellent juggling accompanied by comedy patter and dancing.

A trio of lovely young ladies, THE KITCHENETTES, will open the show with a contortion novelty atop a six foot pedestal. Later in the line up the girls appear again—this time executing double forward and double backward somersaults on the bounding trampoline. This act has just returned from a most successful tour on the West Coast Fair Circuit with the justly-earned, enviable reputation of a fast moving, spectacular attraction.

KEN CARD is one of the funniest rude comics on the west coast. Ken for some time has been a feature of the Hollywood Barn Dance program. His wit is dry, clean and very funny. He is a fine artist on the banjo and enjoys his billing "The Matinee Idol." Audiences never fail to start laughing the minute Ken appears.

The balance of the cast is made up of CAPTAIN JONES & COMPANY in their delightful sophisticated comedy magic with a surprise finish including lovely JEWEL KINCER singing the songs we all love; DUB TAYLOR, "Cannonball" from Western Pictures, with his xylophone; and JORDAN AND THE CORNELLS—tops in taps.

This outstanding talent adds up to two solid hours of delightful entertainment and the entire proceeds of the show will be used for the purchase of much needed playground equipment. The Parish Day School is not conducted for profit and its cost must be borne by the cooperative efforts of those parents who send their children for this specialized instruction.

The Mothers Club has given much and careful thought to the arranging of this method of supplying playground equipment, believing sincerely that sound bodies and healthy, supervised play make good future citizens. They will appreciate your support.

At two p. m. Saturday, Miss Woodland will become the bride of William Slater of Orange. About forty family members and intimate friends are expected to attend.

at the home of Mr. Pulling's mother, Mrs. A. E. Pulling, 382 West Montecito. The Pulling family return to their Hawaii home today.

Hospital Guild Names Heads

The newly formed Hospital Guild, sponsored by the Civic Club, met last week at the home of Mrs. Robert Summers and nominated temporary officers.

Mrs. Marjorie Crouse was named chairman. Other officers are: Mrs. Helen Johnson, vice-chairman; Mrs. Ruth Metzgar, recording secretary and Mrs. Dorothy Oakley corresponding secretary.

The Civic Club has been working on the organization of the Guild since September, and there are now 16 active members in the hospital group.

Mrs. Charles Rizzo and Mrs. Harold Clardy had acted as chairmen for the organization of the group.

The purpose of the Hospital Guild is to develop good will between the Children's Hospital of Los Angeles and Sierra Madre, to assist the Hospital in obtaining equipment and help and to supply information on the hospital.

Because of the Civic Club's active participation in charitable projects, the Children's Hospital suggested the formation of a Sierra Madre Hospital Guild last year.

The Guild plans a trip through Children's Hospital December 8, to acquaint members with the hospital, its program and its needs. The group will then determine what specific project it wishes to further.

The first Board meeting will be held December 8, when by-laws will be established. On March 1 the regular executive board will be installed, and the permanent chairman will begin her duties with a brand new gavel donated by the sponsoring Civic Club.

Navy regulations say, "Under no circumstances shall an action be commenced or battle fought without display of the national ensign."

Several Months in Czechoslovakia and Austria With Kin

Mr. and Mrs. Anton Zednick returned to their home at 352 Grove Street last week from a seven months European trip. They visited Mr. Zednick's brothers in Vienna and other members of their family in Czechoslovakia.

The Zednicks were greatly distressed over conditions as they found them. Vienna is occupied by four armies, the citizenry is allowed to go freely from one zone to another but not allowed to leave the city. Most people in Vienna have not seen a piece of beef in eight years.

Mr. and Mrs. Zednick were not allowed to enter Vienna by train. They went in via air.

THANKSGIVING AT INDIAN WELLS

Mayor and Mrs. J. Milton Steinberger enjoyed Thanksgiving on the desert. They are in the sunshine at Indian Wells with their trailer. Mayor Steinberger drives in twice a week to care for the routine of his office.

Mr. and Mrs. Lester Layton of Sierra Madre were at Indian Wells when the Steinbergers arrived but have returned home.

WITH THE LEWIS' OF TOYON DRIVE

Mr. and Mrs. R. C. Lewis, 350 Toyon Drive, were guests at the home of Mrs. Lewis' sister, Mrs. Robert Haynes of Long Beach.

Today the daughters of Mr. and Mrs. Lewis are arriving for the week-end. They are Mrs. Llewellyn Bixby and family of Long Beach and Miss Jean Lewis of Los Angeles.

Heads Air Reserve

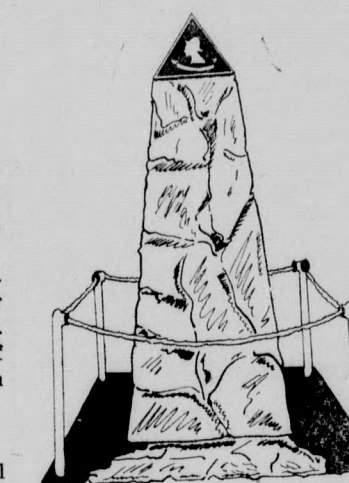

Lt.-Gen. Elwood R. Quesada, commanding general of the Tactical Air Command, is now in charge of the Air Force Reserve Program at the request of President Truman.

ACTIVE RETIREMENT

Recently retired forest ranger, Tom Henderson and wife, returned Friday from three weeks vacation on the West coast of Mexico.

The Hendersons stopped at their home here long enough to "refuel" and depart for Cathedral City near Palm Springs.

Sorry to have missed this column last week, but had no reports from any of the troops.

C. R. Gillen was recently appointed a troop committeeman for Troop Four. Since then, the troop had the pleasure of a talk on Astronomy by Art Caron, which included a trip to Chantry Flats, that the troop have a better chance to see the heavens.

Recently, Scoutmaster Hanz Gutherz asked a sixteen-year-old Star Scout if he believed the motto, "Once a Scout, Always a Scout." "Sure," was the reply, "but when we get to my age a Boy Scout becomes a girl scout."

The Sea Scout Ship, sponsored by the Lions Club, left today, (Friday) for their annual rendezvous at San Diego.

Don't forget the Court of Honor to be held December 6. Not as many awards to be given as last October, but a big crowd will mean just as much to this group of boys.

An important topic of Monday night's District Meeting was the coming Caravan, to be held December 27, 28, and 29, at Palm Springs.

6th Graders At Forest Service

Fire danger and the big job the U. S. Forest Service does in cambat and control was brought home to Sierra Madre school children when the sixth grade of the elementary school and Teacher Joseph Moltane visited the U. S. Forest Service Santa Anita Station last week.

U. S. Forest Service Officer Leslie McCloud and Central Dispatcher Virgil Shoemaker demonstrated equipment and methods for fire location and control.

The visitors saw how radio calls are received from patrol cars and mountain lookouts. Fire pumps in the area were pointed out on a map.

Walkie-talkie equipment, the helicopter landing field and "the gas station on wheels" were no less interesting to the children.

The trip was part of the class' aviation-communication study program. Other field trips are planned for the year, the next to Monrovia Airport in December.

Children visiting the Forest Service Station were: Lois Bouvier, Ann Brockhead, Karen Curtis, Cynthia Eaton, Blythe Gentry, Marlene Lucas, Cathy Ruth Parra, Sharon Plaskett, Clara Richter, Nancy Rogers, Nina Shearer, Suz Silva, Suzanne Thayer, Daryl Timmons, Josephine Varella, Arne Adams, Tarby Draeger, Paul Graff, Alan Hurvit, Tom Hutter, Robert Middlebrook, Robert Miller, Robert Nelson, Freddie Penn, Ronnie Peterson, Jon Rudbach, Edward Stiles, Richard Stone,

CHILAO FLATS FOR HOLIDAY DINNER

Thanksgiving day in the open, with all the turkey and trimmings, but without the hot cook stove, has become a yearly tradition for a group of about 20 California sunshine enthusiasts.

Each year the five families pack turkeys and berries, pies and sweet potatoes—and pressure cookers—and go up to Chilao Flats. Those who enjoyed the trip this year were the families of Mr. and Mrs. W. C. Olcott, 50 West Carter; Mr. and Mrs. E. R. Dunn, 58 West Carter; Mr. and Mrs. O. L. Zwonitzer, Mr. and Mrs. D. L. Conlogue and Mr. and Mrs. M. H. Owen of Pasadena.

THIRTEEN TRIPS FROM NEBRASKA DECIDES RASMUSSEN LOCALE

After 13 trips across the country from a Nebraska ranch to California, John Rasmussen and his wife, Christine, decided

they may as well stay in California. So almost 3 years ago, Sierra Madre gained the couple as owners of Rasmussen's Appliance and Sporting Goods store at 43 North Baldwin.

They have expanded the stock in the store so that you can now find there everything from a fine selection of toys on through electrical and sporting goods, model building materials to the newest in refrigerators, freezers and washers. Radio and electrical repairing is done by Albert Blood.

The Rasmussens are very active in church work and go fishing a couple of times a year. As for the midwest, Rasmussen says, "Nebraska? Whew, I left there in a snowstorm. Even got caught there in a snowstorm on our honeymoon. We love it here."

FORMER TROLLEYMAN AND WIFE OPERATE CLEANING SERVICE

"Clang, clang, clang went the trolley," brings back memories for W. E. Craig, who, with his wife, Veronica, ably runs the Sierra Madre Tailors and Cleaners at 14 W. Sierra Madre Blvd.

A long time ago, in fact, 25 years ago, Craig was a conductor for the St. Louis Transit Co.

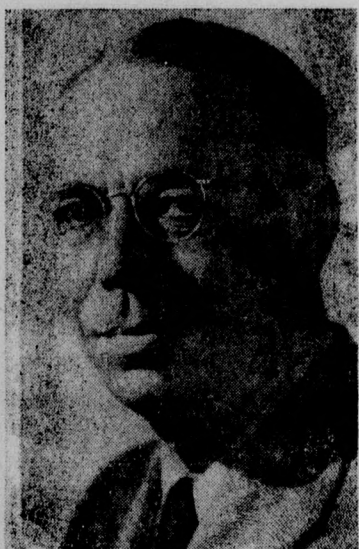

But he doesn't miss the hurry and the schedules of the trolley. He'd rather meet the schedules in cleaning and tailoring for his customers, many of whom have traded with him since he's been here.

Since 1923, the Craigs have been content to work and live in Sierra Madre. They take care of all problems of cleaning and pressing and small tailoring.

"We work and run our business together," says Craig. "We're satisfied here."

BANK PRESIDENT ROLLIN LEWIS "BACKBONE" OF CITY PROGRESS

Rollin Lewis, President of the Bank of Sierra Madre, is, in his

quiet way, one of the "backbones" of the community.

His high civic interest backed up by real civic activity, has gone a long way toward solving many of the town's problems. Few worthwhile community fund raising projects have gone without Lewis' backing, Lewis' work, the "Lewis touch."

He annually turns out as a "perpetual committee" for fund raising for the Sierra Madre Tournament of Roses float. He is Chairman of the local Red Cross Chapter. He is on the Men's Advisory Board for Girl Scouts, and was greatly active in raising the funds for the Scout room attached to the Youth Hut.

Sierra Madre's Bank has been under his guidance since 1936. Home-owned and home-operated, it has the distinct advantage of being able to serve its patrons with a personal and "hometown attitude."
